

Aalst-Eindhoven-Brno Course on Coronary Physiology

MiddleEuropean FFR workshop 2012

June 11 – 12, 2012

University Hospital Brno-Bohunice

University Hospital Brno - Bohunice, Czech republic
in collaboration with the Cardiovascular Center Aalst OLV-Clinic, Belgium

Organized by

Dear colleagues and friends,

on behalf of the course directors - Bernard de Bruyne and myself I would like to cordially invite you to the **international workshop** about the functional assessment of coronary lesions (FFRmyo).

Workshop will be held in the Brno city with live-cases transmitted from the cathlab of **Internal Cardiology Department, Faculty Hospital and Masaryk University Brno**. We plan the workshop to be very interactive with enough time left for stimulating and friendly discussion.

On 11 June 2012 the Workshop will start with the dinner predated by the short synoptical presentations.

We look forward to welcome you to Brno.

Yours sincerely

Petr Kala

Course director

on behalf of **Bernard de Bruyne**

Programme

Directors and live-cases

B. de Bruyne (Aalst, B), P. Kala (Brno, Cz)

Panel + transmission directory:

M. Mates (Praha, Cz), M. Branny (Třinec, Cz), P. Červinka (Ústí n. Labem, Cz), P. Jeřábek (Brno, Cz)

Monday 11 June 2012

20.00 – 20.30

Coronary Physiology and the Principle of FFR

B. de Bruyne

20.30 – 20.50

Practical Aspects of FFR Measurement

P. Kala

Tuesday 12 June 2012

9.00 – 10.00

Live case No. 1 – FFR of the focal and diffuse coronary lesions

Operators: P. Kala, O. Boček (case introduction M. Poloczek + M. Mikolášková)

Moderator: B. de Bruyne

10.00 – 10.15

Methodology of the FFR Measurement

M. Mates

10.15 – 10.30

FFR vs. iFR

B. de Bruyne

10.30 – 11.30

Live case No. 2 – FFR and IVUS of the LMCA

Operators: P. Kala, O. Boček (case introduction M. Poloczek + M. Mikolášková)

Moderator: B. de Bruyne

Coffee-break (11.30 – 12.00)

12.00 – 13.00

Live case No. 3 – FFR guided PCI in multi-vessel ACS

Operators: P. Kala, M. Poloczek (case introduction R. Miklík + T. Ondrůš)

Moderator: B. de Bruyne

Lunch (13.15 – 14.00)

14.00 – 15.00

Live case No. 4 – FFR and OCT in true bifurcation using dedicated stent

Operators: P. Kala, M. Poloczek (case introduction R. Miklík + T. Ondrůš)

Moderators: B. de Bruyne
